## GUIDED DAY

*With Volkerak experts!*

With a maximum of four fishermen we will guide you on the Mighty Volkerak. Revealing the secrets of the lake, using the latest electronics in our competition boat, to find the monster pikes in that time of the year. The guide will explain you the best techniques adapted on the season and will show you which spots and routes to fish, using the mapping as provided on all our boats.

## LODGE

*Slaaks 64/65*

The lodge will provide you the comfort of modern life as well as the luxury to go out fishing at any time of the day, leaving just straight out of the garden Island houses located with a dock of 12 metres where you can find the boat ready to take off. The houses can be found directly upon entry of the Marinapark on the left side of the street.

persons 6.

bedrooms 3

bathrooms 1

toilets 2

dock 12m.

boating license

## RENTAL BOAT

*Ruby hunter for the rest of your trip*

This boat is a Lund Classic 1625, reputed for his stability and security. It is perfect for three fishermen and equipped with a Mercury 15 HP fourstroke to be able to navigate without an ICC navigation license.

Handsfree fishing is possible due to networked electronics directing by touchscreen the fronttroller along pre-programmed routes on the best mapping of the Volkerak

This more advanced package will be the choice of fishermen who have an ICC navigation licence. The best breed of Lund fisherboats combined with the best breed of the Lowrance Ultimate Fishing System.

# SPECIAL GUESTS

“

Staying in the lodges of Anyware Fishing is like coming home to your ideal vacation destination. The lodges are beautiful, tidy, and designed for the spoiled fisherman who also enjoys a bit of luxury. Hans, the owner and host, knows from personal experience what a modern fisherman expects, and you can see that in everything. One of the best locations I have stayed at in my fishing career!

*Luc Coppens*

“

During our Luremasters 2023 prefishing and competition time we were guest in Kreek 30 which is the VIP lodge. Everything we could wish for was in the house, the facility was nice and clean and the whole house was breathing fishing due to the cool design inside. Next year we will book the same house for YPC boat and Luremasters 2024!

*Toon Van Ham*

“

The Volkerak, one of the most difficult waters of the Netherlands. Those waters are best fished when you are fully equipped out of your quality lodge. So when you go out on the water you significantly increase your chances on succes.

*Bertus Rozemeijer*

“

The best adress for BIG FISH  
*José Luis Mendez Acosta*  
BIG L FISHING

“

An amazing destination for passing a great time on board with all the comfort you can have for fishers and their families. It's picture perfect!! What a feeling, waking up at the edge of the water surrounded by nature, the boat just a few metres away, completely ready to take off and hunt monstrous pikes!! Thank you for your hospitality Hans, we will come back that's for sure!!

*Matthias Lothy*  
BIM TACKLE

“

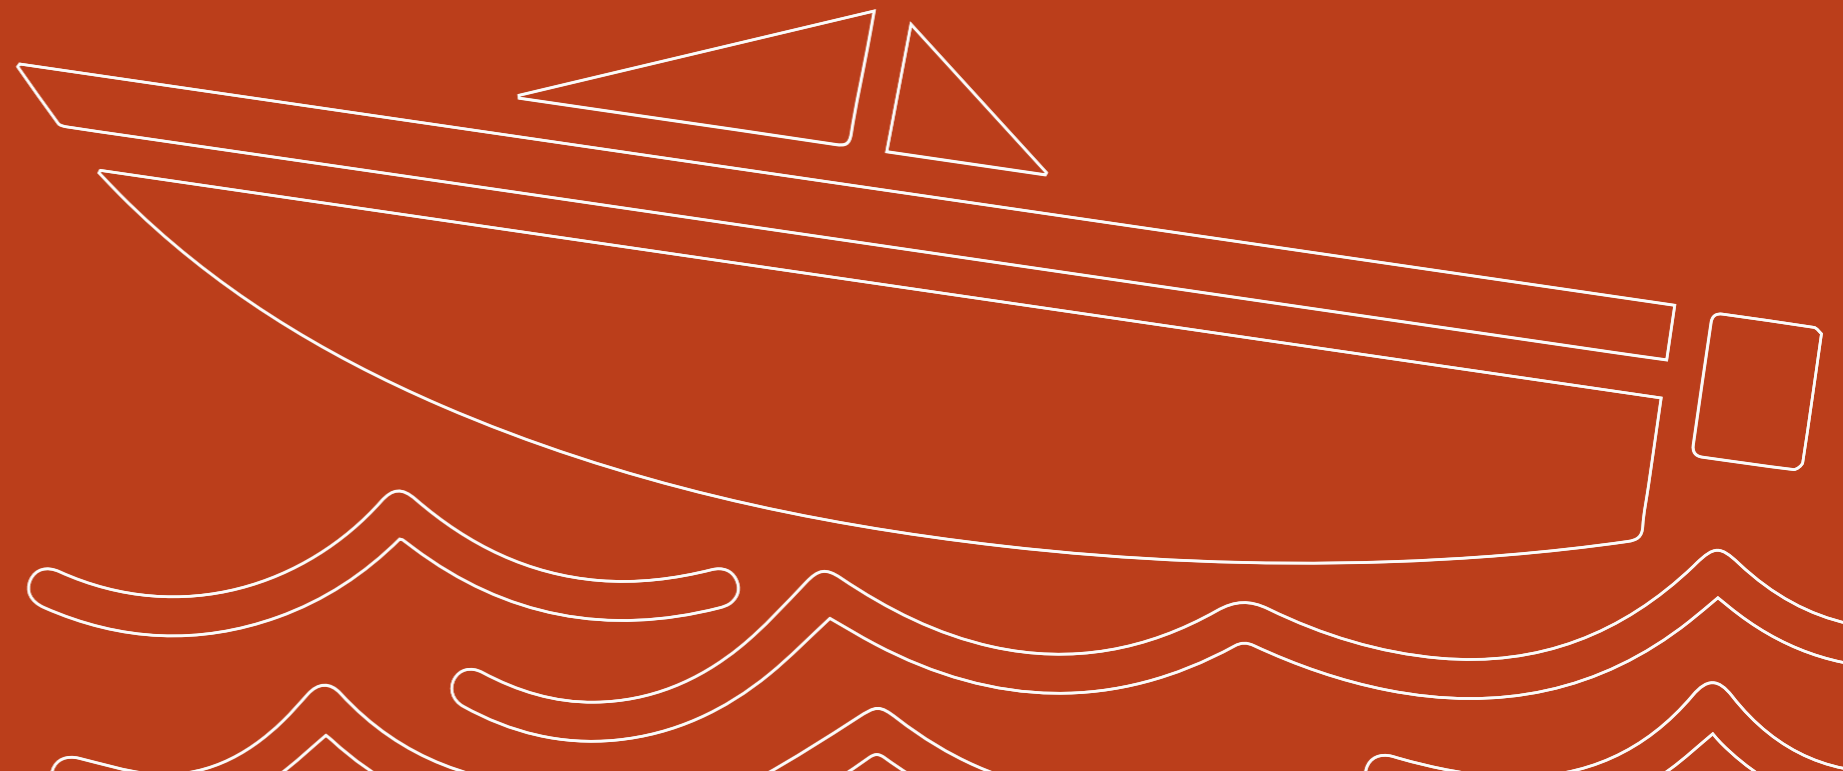

What a super location with your boat at the end of the garden you can finish breakfast and step straight into your boat, so nice.

Top quality lodges with attention to detail providing a comfortable stay for all the family with instant access to some great predator fishing my go to accommodation.

A real jewel in The Crown of Fishing accommodation so well thought out with your Boat conveniently moored at the dock at the end of your garden local supermarket within walking distance and some of the best predator fishing Holland has to offer a truly remarkable experience

*Matt Boast*

# THE RUBY COMPETITORS

*Lund Impact 1775 & 1875 SS*

## Mercury Pro XS engines.

Either in 115HP or in 150 HP version, those workhorses will put you on the spot in no time. Exactly what the expert anglers or the competition anglers need.

Equipped with Mercury Vesselview to monitor all important parameters of the engine, no detail is leftover to ensure an unknown reliability.

*Real hardcore fishing machines for the serious angler, it doesn't get any better than this!*

## Electronic Equipment

The LOWRANCE HDS Ultimate Fishing System!

Equipped with dual Lowrance HDS screens of the latest generation, a 16 inch for the mapping, a 12 inch for the sonars. Standard LiveSight sonde ensures Realtime Life technology on board. So all information at the console as in no other available boat on the rental market. interconnected with a network, a Lowrance Pinpoint GPS and the latest Lowrance Ghost fronttroller. Boat control and navigation through touchscreen initiated routes and management and using user-customised C-MAP navigation charts.

Thus ensuring the most comfortable ride with a view on the gpsmap at the same time as 2D-sonar with A-scope + Downscan and Side-Imaging. Optionally a blackbox can be installed with 16 inch screen and dual Live Sondes for real-time fishing spot scanning (mandatory for pelagic fishing). Lowrance Livesight sonar and Lowrance Active Target sonar complete the fishfinders for realtime Live views of the fishingspots

# THE RUBY PIKES

## *Lund Impact 1675 SS*

### Mercury 80 HP fourstroke!

This 80 HP Mercury from the classic series #Fourstroke is an engine with powerful 2.1L cylinder, though lightweight (163Kg) for a maximum of couple, a maximum of power and a maximum of economising fuel!

It is known as a powerful workhorse, who does his job silently and without any issues.

In the console a RPM controller is put in place, to further reduce the stationary navigation, so perfectly adjusting speed for trolling when required.

### • Electronic Equipment

• The LOWRANCE HDS Ultimate Fishing System!

• Equipped with two Lowrance HDS 12 Live screens, interconnected with a network, a Lowrance Pinpoint GPS and the latest Lowrance Ghost fronttroller.

• Boat control and navigation through touchscreen initiated routes and management and using user-customised C-MAP navigation charts.

• Thus ensuring the most comfortable ride with a view on the gpsmap at the same time as 2D-sonar with A-scope + Downscan and Side-Imaging.

• Optionally a blackbox can be installed with 16 inch screen and dual Live Sondes for real-time fishing spot scanning (mandatory for pelagic fishing). Lowrance Livesight sonar and Lowrance Active Target sonar complete the fishfinders for realtime Live views of the fishingspots

• The network is completed with a Mercury Vesselview for real-time on screen management of the engine. Furthermore equipped with a second electric Motorguide backtroller to control all possible routes and drifts in an optimal way.

• Not a single detail has been overlooked !

boating license

- Length : 5,13 m
- Width : 2,27 m.
- Weight : 510 kg
- Max. persons : 6
- Max load : 703 kg
- Fuel capacity : 72 l
- Engine : Mercury FS 80HP

### • Fishing techniques

- Generous in space, known for its stability and safety, this boat is the ultimate fishing platform. No other boat is so adapted to the big lakes. Typically it is used for for casting lures all day long, as it consists of two casting platforms: one on the upper deck, one on the rear deck when the back-seats are flipped over. Those two castingdecks make it also highly suitable for flyfishing.
- Especially when we install the bikerseats on each deck, comfort is so high, one can cast a whole day long. With the bikerseats installed, also vertical fishing is a real joy out of this unique stable situation. Routes will be configured on the electronics, the Lowrance Ghost fronttroller ensuring you a slow-paced steady ride along the most promising structures. When the situation is right for it, the backtrolling motor will guarantee you a gentle controlled drift which makes fishing highly enjoyable.

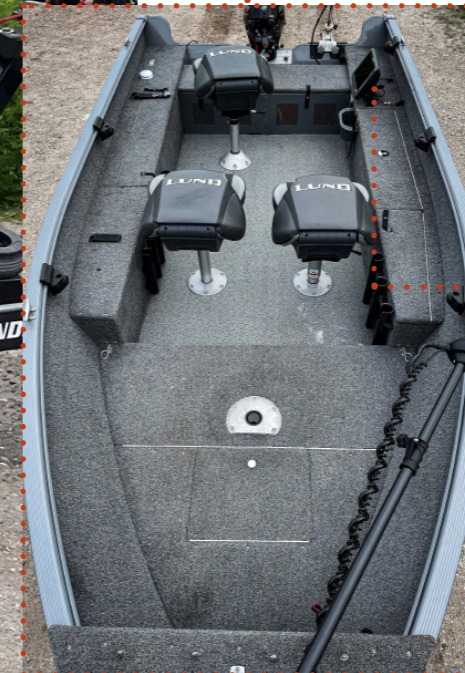

# THE RUBY HUNTERS

## *Lund Classic 1625 Tiller*

- Mercury, go boldly!
- This 15 HP Mercury from the classic series #Fourstroke is an engine, though lightweight (48.5Kg) for a maximum of couple, a maximum of power and a maximum of economising fuel!

# ***GUIDING SERVICES***

To make our customers their holidays as successful as possible, we offer guidings at their first day upon arrival. Guiding is executed with the **Ruby Competitors** as their powerful engines allow us to visit lots of spots and do a roundtrip on the whole lake.

Pumped with technology and the latest in fishing rods and gears, this guidingtrip allows our guests not only to explore the most fishy spots of that moment, but also to learn the versatile techniques for catching the different species of predators : asp, perch, zander and off course our speciality : **big pike fishing!**

Up to **4 fishermen** can enjoy this day per guidingboat. A **unique** and **unforgettable** experience in our Competitionboats!

Creating memories.

- For our guests, we also offer **guiding tours on your personal boats**, to improve boat positioning, hotspot waypointing and finetuning electronics.

- **Special formula** exists for family events, like fathersday, mothersday or anniversary. No better quality time then being together outdooring !

# COMPETITIONS

## WORLD PREDATOR CLAS-

*WPC junior 2023*

In this World Championship, we managed the third place in the junior edition.

## PREDATOR TOUR

*Team Lowrance*

In this European Championship, Didier Lemmerling and Hans Roose participate as TEAM LOWRANCE every year since 2021.

In the 2022 edition we managed the biggest pike score of 335 cm.

## LUREMASTERS MFL

*Team Mercury*

This competition is a part of the world wide fishing association named Major Fishing League.

Hans Roose and Stef Roose, father and son, participate in this competition as part of the MERCURY PRO TEAM.
